- Drone Orthos
- Aerial Survey
- Aerial Photography Overlay

Project Description

Howerton Engineering & Surveying was contracted by The Commonwealth of Kentucky to perform the initial boundary and topographic survey for the proposed Upper Parking Lot project. HES designed the proposed parking lot Rehabilitation and it was built in 2014.

Howerton Engineering & Surveying performed an Aerial survey of the Rehabbed Parking Lot along with GPS topographic survey. The new storm sewer infrastructure was mapped and the state was presented with a full set of plan/profiles of the new facility; along with CAD dwg files to add to their ACTC master plan.
