

SMITH'S PHARMACY & HOME MEDICAL

INTERIOR MODIFICATIONS
745 2nd Street
Portsmouth, OH 45662

Project Description:

In 2015 Smith's Pharmacy & Home Medical contracted Howerton Engineering & Surveying develop plans and permit applications for the remodeling of their existing store located on 2nd street in Portsmouth, Ohio.

A structural analysis and review of existing building plans was performed prior to the start of the modifications design.

Howerton Engineering & Surveying organized multiple design meeting with the client to discuss the progress of the design and to receive input on the design. Along with creating a construction bid package, Howerton Engineering & Surveying submitted the necessary permits for the construction.

The total project cost was: \$100,000.
